Mr. Gary Schoener
Department of Psychiatry and Neurology
University of Minnesota, Minneapolis

Dear Mr. Schoener:

Enjoyed your brief visit here and hope you got away in good order at the early hour and that your visit to Texas was rewarding.

My wife and I visited with Mr. & Mrs. Betzner yesterday and I showed them some of my material. In the meantime Mr. Betzner had been in contact with his son about reproduction of the pictures. His son agreed that you could have enlarged prints of two of the three photographs in which Life has no interest on the condition that you provide him with an affidavit sworn before a notary that:

The prints are for your own exclusive use and study and you will not give or sell them to any other person or reproduce them further and that they will not be published.

Mr. Betzner's son affirms that his agreement with Life precludes allowing any further copies to be made from the negative of the print which appears on page 92 of the November 24, 1967 issue. He will, however, allow you to study it at his residence here in Kansas City.

If you send the requested affidavit Mr. Betzner will allow one of our photographers to make the prints. This will have to be a non-official overtime affair and I can have Mr. Jim Morey, one of our official photographers, do this as a personal service to you. I will have Mr. Morey write to you.

All the best to you.

Sincerely,

cc: Mr. Betzner
